Living in Monterey CA for over 20 years, "I walked on the beach every day. Often there would be a tiny shoe tangled up in the seaweed or just on the sand... all by itself. By the time I moved to Nevada I had over 35 in my collection, kept in a large basket by the front door. The idea of making an art project came to me... and you see the results. Only solo shoes were picked up." A friend suggested the name for the exhibit: LOST SOLES. Some of Nancy's photographs can be viewed on her website at <http://www.lizardrockmusic.com>.
